Work Ethic

Education

Glasgow Caledonian University
Cyber Security and Networks
BSc (Hons) - 2:1

Bellahouston Academy
Higher - AAAAB

Experience

University of Glasgow

Threat & Vulnerability Specialist 2025 - Present

Currently working in the Information Security team at UofG, I bring a strong technical mindset to the vulnerability management team. I maintain infrastructure including numerous Windows and Linux servers. I have created many automations and scripts using Python, Bash, PowerShell and PowerAutomate to eliminate lengthy manual tasks utilising APIs and Crontabs. Improved information accuracy and reporting speeds across multiple teams in Information Security.

Systems Analyst 2025 - 2025

During my time in 1st and 2nd line support at UofG, I assisted in massively improving resolve rates on my team due to my experience, skills and diligent attitude. Authored numerous SOPs during my probation while building a central knowledge base to house additional authored documentation. Trained and supported colleagues in developing technical skills and ticket management. Improved operating procedures and optimised tasks within the customer facing TechBar. Designed and implemented technical operating procedure for college wide Windows 11 upgrade and assisted in key decisions.

Sword NCS

Network Analyst 2024 - 2025

24/7 Network Analyst in a NOC. Experience assisting many customers and supporting their devices - Cisco, Meraki and Palo Alto. Monitoring network activity using Solarwind. Wrote multiple SOPs and created Python programs to automate strenuous, complex tasks. Top 3 in tickets closed in the company within my first 7 months. Completed training certifications such as MS security courses and blackbelt Meraki courses.

Currys

Sales Associate 2021 - 2023

I excelled in this role due to my customer first attitude and great communication skills. Top 500 salesman company wide every financial period. Exceeded every KPI tracked within the role. Awarded Colleague of the Year despite only being at the company for 5 months at the time and having set multiple sales records in Scotland. Extensive leadership responsibilities filling in as interim manager for months at a time. During these shifts I supported my team to thrive in their roles while maintaining my own performance.
